This Policy applies to all schools and employees within the Lighthouse Trust Partnership.

Lettings of School Facilities Policy & Regulations

Non-Statutory

Rationale and Aims of the Policy

1. The Trust's policy is to encourage the use of School facilities i.e. buildings, playing fields and other grounds such as car park by the pupils, parents, the community and organisations ranging from sports clubs to community organisations and local businesses.
2. The Board of Trustees and Local Governing Bodies have full responsibility for the use of the school's facilities during the school day and outside normal school hours. School operating hours are deemed to be 8am to 6pm.
3. This includes the letting of School facilities to outside bodies and the control of all income and expenditure associated with such activities.
4. The Trust positively welcomes the contribution that well run voluntary groups which organise community based activities are able to make and encourages such ventures through the use of lettings.
5. The letting of school facilities shall not detract from the primary objective of the schools in the Trust as educational establishments. Although providing a vital link with the community and other organisations, the letting shall be organised so that there is no disruption to the delivery of the curricula or pupils' education and without a subsidy from the trust or the school.
6. The Trust's policy is for charges for the use of school facilities to cover the costs of hire and, where appropriate, raise additional funds for the school

Equal Opportunities

7. The Trust consider the schools to be a vital resource for the local communities and individuals and groups who wish to make appropriate use of the school facilities are able to do so wherever this is reasonably possible.
8. The Trust positively encourages individuals or groups who wish to make reasonable use of the school facilities, regardless of their race, gender, disability, sexuality or religion.
9. The schools within the Lighthouse Schools Partnership will not consider applications for letting from people under 21 years of age. The hirer will accept responsibility for using the facilities, being in charge of the facilities let and for

ensuring that all conditions of the letting agreement are observed, particularly those relating to management and supervision of the facilities.

Categories of users

Statutory Users

10. Where it is established by statute that school premises may not be used then other priorities must stand aside. This does not preclude the local governing body from setting a realistic letting charge to cover their costs. Statutory usage will be:

- a) Use of premises for polling stations or political meetings when an election (local or parliamentary) has been declared;
- b) Official meetings of the Parish or Parochial Councils;
- c) Any other statutory purpose, which may arise.

Designated Users

11. The designated user group is likely to be the largest to use the facilities. The local governing body of each school within the Lighthouse Schools Partnership reserves the right to set charges at cost recovery and not at a level that would deter such use.

Within this category, priority booking shall be given for extended use as follows:

(a) within the school: the school's own activity including:

- Meetings - Governor, staff or the School Parents' Association;
- Activities - school and curriculum activities (e.g. concerts, plays, etc.);
- Fund raising activities for school funds;
- Community Trust linked to the school;

(b) extended School activities:

for example, extra curricula activities and clubs, community education or training events, approved childcare activities, non-profit making sport and interest courses and clubs, post 16 education programmes (where applicable).

Private users

12. Those that are not defined as statutory or designated users are defined by the Board of Trustees as private users.

Regulations for the letting of School facilities

13. All lettings of the facilities will be in accordance with the adopted regulations for the lettings of School facilities, the details of which are annexed to this Policy.
14. The Policy and the regulations for the letting of School facilities will be sent to all enquirers and be posted on the Lighthouse Schools Partnership website.

Administration of the Regulations

15. While full responsibility for all lettings is with the local governing body, the day-to-day management and administration is undertaken by the Headteacher and/or Business Manager.
16. The local governing body of each school within the Lighthouse Schools Partnership reserves the right to withhold permission to let any part of their School (although the right to make this decision may be delegated to the Headteacher and/or the Business Manager). In the case of dispute, the local governing body's decision is final.
17. The local governing body reserves the right to refuse to let the facilities to any group or individual for purposes that are inconsistent with the ethos of the school, this decision may be delegated to the Headteacher or Business Manager. In the case of dispute, this would be referred to the local governing body.

APPENDIX 4

VAT and lettings

No VAT is charged for lettings within Lighthouse Schools Partnership as this is outside the scope, VAT category (T).

Letting to outside bodies when there is no VAT, because the income is exempt, is VAT category (E).

Use of equipment

If the main purpose of the let is the use of the equipment, then you should charge VAT on the whole value of the let.

A let is only exempt from VAT if the primary purpose is occupation of the premises (or land) rather than the use of facilities it may offer. If the facilities are incidental, such as the use of a blackboard in a classroom, the let will be exempt.

However, if using the facilities is the primary purpose, VAT is chargeable. Therefore, VAT should be charged where a room is equipped with computers is used for a word processing class.

VAT is chargeable on the use of kitchen facilities where this is the primary purpose of the let.

Supplied services

Where services are incidental to the let no VAT should be charged. So VAT should not be charged on the cost of cleaning a room after a let.

If services additional to the right to occupy the premises are provided, VAT must be charged on the value of these additional services. Examples of such services would be a lecture given by school staff, supplying a buffet or providing a car park attendant.

Admission charges

Where the school charges admission to an event, such as a school play, these charges are subject to VAT. Therefore, if a school wanted to retain £2 per person they should charge £2.40 (the 40p being the VAT at 20%).

This charging by the school should be distinguished from charging by other organisers for events held at the school. See the section below on When to charge VAT for sporting facilities.

The school can avoid charging VAT by having the event organised by a Parent's Association. If the school lets the premises to the PTA, this let is exempt from VAT as the PTA is charging admission to the public. The PTA will only have to charge VAT on its admission charges if its total income from trading activities exceeds £85,000 (or the current HMRC threshold) per year.

Trading activities include all income received for the provision of goods or services by the PTA, such as admission to events or funds from jumble sales, etc. They do not include donations.

VAT incurred by the PTA on other costs associated with the event may not be recovered when it is registered for VAT.

When to charge VAT for sporting facilities

Sporting purposes includes all types of physical recreation. For example, letting a hall for a dance counts as a sporting purpose.

Lets for non-sporting events

A let of sporting facilities for non-sporting purposes is exempt from VAT. Examples would be the let of a playing field for a fete or a gymnasium for a political meeting.

Similarly, the let of sporting facilities for a sport, which those facilities were not designed, is exempt. Therefore, the let of a sports hall for a dance would be exempt. However, if disco lights, mirrors etc. were put into the hall, VAT should be charged, as these facilities are designed for a dance.

Lets of general purpose halls

A general purpose hall contains no sports facilities or equipment beyond floor markings. Therefore, the hire of a school hall for badminton would be exempt if no equipment were provided. If nets were provided the whole let would be subject to VAT.

Lets for more than 24 consecutive hours

If the let is for more than 24 consecutive hours then do not charge VAT. It's exempt income VAT Category E.

In order to be exempt the let must give continuous and exclusive use to the hirer for more than 24 hours. Thus letting a sports hall every evening for a week would not qualify, as the let is not continuous.

Letting sports hall jointly to two clubs would not qualify as the let is not exclusive - both clubs should be charged VAT.

Lets in a long series

If the let is part of a long series and meets the conditions below then do not charge VAT. It's exempt income VAT Category E.

In order to qualify as exempt the following conditions must be met:

- The series must be 10 or more periods. There is no restriction on the length of the periods.
- Each period must be for playing the same sport and in the same place. A different pitch on the same playing field is acceptable.
- The interval between each period must not be less than one day or no more than two weeks
- There must be evidence in writing of the series of lets. This must include a requirement to pay for the whole series, whether or not the facility is actually used every period. An exchange of letters or an invoice issued in advance of lets would be acceptable as evidence. A refund would not breach this condition if the

facility were not available due to an unforeseen circumstance, such as a flooded football pitch

- The let must be to a school, club or association
- As with a let over 24 hours, the let must be exclusive

Provision of services

If services are incidental, eg floodlights, showers or changing rooms, they are treated as part of the whole let.

Therefore, if the let is subject to VAT so are the services. If the let is exempt so are the services. If separate services are supplied, VAT must be charged on these.

Individual Schools to insert their scale of charges

NB Individual Schools should record whether their Catering Facilities are available for hire. In most cases a simple statement as follows will suffice

“The school catering accommodation is not available for letting”

Any school specific information on charges and available equipment should be recorded in this section
