This policy sets out the framework for making decisions on staff pay. It has been developed to comply with current employment legislation and to consider the requirements of the School Teachers' Pay and Conditions Document (STPCD) and Green Book (the national agreement on pay and conditions for associate/support staff) and has been consulted on with staff and/or the recognised trade unions.

This policy should be read and used in conjunction with the Appraisal Policy and the Performance Development Policy wherever relevant. For a copy of these Policies please access Foldr or request a copy from the Trust HR Team.

For Teachers in this Trust progression to the next pay point is automatic for those on the main or unqualified teacher pay scales subject to continued good performance demonstrated by meeting the teacher standards. Progression to the Upper Pay Spine is through a successful application process (as defined by this policy).. Support Staff are also expected to perform to expectations in order to progress through the relevant pay scale.

3. Section A: Determining Teachers' Pay

3.1 Pay Awards

Pay progression for teachers on the main or unqualified pay scales is automatic for teachers who are meeting the teacher standards. Pay for teachers on the upper pay scale is related to performance. To be eligible for a pay progression your start date must be between 1st September and 28th (29th) February of the preceding academic year. A pay award is the increase in salary which is applied annually, subject to ratification by the Board of Trustees and local and national pay freezes. All teachers are paid in accordance with the statutory provisions of the current STPCD. This is reviewed by the Board of Trustees annually.

3.2 Pay Determinations

Post performance development, salary determinations relating to salary progression for:

- qualified teachers on the main pay scale;
- qualified teachers on the upper pay scale;
- unqualified teachers on the unqualified pay scale;

shall be considered in accordance with the provisions of the STPCD applicable to the relevant year.

Pay determinations are confirmed annually following approval by the Board of Trustees' Staffing and Pay Committee and backdated to 1st September, where appropriate.

3.3 Pay Ranges

3.3.1 Main Pay Range: This pay range will be used for all qualified teachers who are not on the upper pay range, spot market rate or the Leadership Spine.

3.3.2 Unqualified Pay Range (UNQ): This pay range will be used for unqualified teachers (as defined in the current STPCD) only.

3.3.3 Upper Pay Range (UPS): The Trust will pay teachers on the upper pay range if the teacher was:

- employed or defined as a post-threshold teacher in the Trust under the STPCD 2012 or earlier document (subject to any agreed “stepping down”¹ remuneration and job function changes), or
- previously a member of the leadership group or was employed as a leading practitioner and will not be paid on the pay range for either, or
- the teacher applies to the Trust to be paid on the upper pay range and is successful.

Teachers on the upper pay range have the right to progress only every two years until UPS 3 where this is top of scale and there is no further progression.

The Trust will determine where on the upper pay range the above categories of teachers are placed. The Trust will consider whether to pay a teacher on the upper pay range if the teacher has previously worked at another Trust or relevant establishment and been paid on the upper pay range and was successful in that role - unless the teacher has specifically applied to a teaching post on the main pay scale range.

The Staffing and Pay Committee of the Trustees will determine where on the upper pay range teachers falling into the categories in the paragraph above are placed.

3.3.4 Pay Reviews for Classroom Teachers

The Headteacher will ensure that each teacher’s salary is reviewed annually, with effect from 1 September and no later than 30 October each year, and that all teachers are given a written statement setting out their salary and any other financial benefits to which they are entitled by 31 December. (Applicants for the upper pay range, who will have until 30 September to apply (see application form Upper Pay Scale on LSP Gateway or Folder), will be issued with a new statement, where applicable, by 31 December.)

Any instruction to increase pay will be issued as soon as the appeal deadline has passed or, if an appeal is lodged, as soon as is practically possible after the result of the appeal is known.

Reviews may take place at other times of the year to reflect any changes in circumstances or job description that led to a change in the basis for calculating an individual’s pay. A written statement will be given after any review and where applicable will give information about the basis on which it was made.

Where a pay determination leads or may lead to the start of a period of pay protection, the Trustees will give the required notification as soon as possible and no later than one month after the date of the determination.

¹ Where a teacher steps down from a current post, there is no pay protection entitlement.

Employees who are absent long term (including but not limited to maternity leave and long term sick leave due to a disability) are still eligible to be considered for pay progression.

3.3.5 Basic Pay Determination on Appointment for Classroom Teachers

The Trustees have delegated the pay range decisions to the Headteacher, who will determine the pay range for a vacancy prior to advertising it. On appointment the Headteacher will determine the starting salary within that range to be offered to the successful candidate unless a specific salary has been advertised.

The Headteacher will determine where on the main pay range to place newly qualified appointees in accordance with this section. This will be subject to the provisions of the STPCD with regard to the upper pay range (see the 'Upper Pay Range' section above).

In making such determinations, the Headteacher may take into account a range of factors, including:

- the nature of the post
- the level of qualifications, skills and experience required
- market conditions
- the wider Trust context

Although there is no assumption that a teacher will be paid at the same rate as they were being paid in a previous position externally, the Trust will determine the appropriate rate of pay for a teacher joining the Trust taking account of salary expectations, current salary and the factors set out above.

The Trust will consider awarding a time-limited recruitment incentive / benefit when relevant.

3.3.6 Pay Progression based on Performance for Classroom Teachers

In this Trust all teachers can expect to receive regular, constructive feedback on their performance development that recognises their strengths, informs plans for their future development, and assists to enhance their professional practice. The arrangements for teachers performance development are set out in the Trust's Performance Development Policy.

Decisions regarding pay progression will be made with reference to the teachers' performance development reports and the pay recommendations they contain. In the case of Early Career Teachers' (ECTs), whose performance development arrangements are different, pay decisions will be made by means of the statutory induction process. Teachers in their induction year(s) will move to MS2 in the September following the successful completion of the first year of ECF. It will be possible for a decision to be made not to

increase pay even where action is not currently being taken in line with the capability procedure.

To be fair and transparent, assessments of performance will be clearly based on evidence and this should be recorded. Teachers are expected to collate evidence to demonstrate performance.

In this Trust, fairness is further ensured through initial considerations of evidence and initial recommendations on pay progression being made by the teacher's Line Manager in consultation with the Senior Leadership Team (SLT) or the Faculty Link in accordance with the provisions of this Policy. The Headteacher will moderate all the initial recommendations to ensure consistency.

The evidence used as the basis for assessing performance will include a broad range of evidence that will usually include data, lesson drop ins and observations and the teacher's follow-up after discussions in Pupil Progress Meetings together with the teachers' wider contribution if they are UPS.

Teachers' performance development reports will contain pay recommendations (where appropriate). These recommendations should include references to the teacher meeting, not meeting, or partially meeting objectives, performance of examination and other classes and the Teachers' Standards. The Director of HR will report to the Staffing and Pay Committee and provide a summary of the progression arrangements and will monitor the recommendations for pay progression through a process of sampling. The Staffing and Pay Committee of the Trustees will consider its approach in the light of the Trust's budget and ensure that appropriate funding is allocated for pay progression at all levels.

In this Trust judgments of performance will be made against a broad range of evidence. Feedback from lesson observations will be recorded and shared with the teacher (where appropriate). Where records of developmental drop-ins are used to inform pay recommendations these should not depend on a single developmental drop-in and should also refer to the impact that teaching is making on outcomes and progress for pupils.

The measures that will be taken into account in making judgments about whether teachers have met their objectives and the standards may include the contribution / impact they have made, specifically their:

- impact on pupil progress
- impact on wider outcomes for pupils
- improvements in specific elements of practice, such as behaviour management or lesson planning
- impact on effectiveness of teachers or other staff
- wider contribution to the work of the Trust

When making judgments about the meeting of standards, full account will be taken of both parts of the Teachers' Standards Part 1: Teaching and Part 2: Personal and Professional Conduct.

As the teacher moves up the main pay range and from the main to the upper range, an increasingly positive impact in each of the above areas should be in evidence. Any pay increase will be clearly attributable to the performance of the teacher concerned at their relevant career stage.

In this Trust there will be a clear expectation of progression to the maximum of the relevant main or upper pay range subject to continued good performance as defined by this Policy.

The Trust will ensure, in setting and assessing performance against objectives and the Teachers' Standards, that no teacher will be disadvantaged by virtue of their working pattern or through their possession of a protected characteristic. Reasonable adjustments / allowances for particular circumstances will be made to ensure that no discrimination occurs.

3.3.7 Pay Progression Provisions specific to Unqualified Teachers

The Teachers' Standards set a clear baseline of expectations for the professional practice and conduct of teachers from the point of qualification. Teachers' Standards should also be used to assess all trainees working towards Qualified Teacher Standard (QTS).

Therefore, pay progression will not be directly linked to the Teachers' Standards for all unqualified teachers in this Policy, but will be used if the unqualified teacher is working towards QTS on an employment based scheme.

There will be one consideration of pay progression per year and it will be on the basis of absolute criteria as set by the Headteacher.

Provided they are not already at the top of their pay range, unqualified teachers will be eligible for an automatic pay progression to the next point on the unqualified range if they have shown that they have made good progress towards all their objectives and that their teaching is supporting strong pupil progress. If the unqualified teacher is working towards QTS on an employment based scheme, performance/progress against Teachers' Standards will be taken into account.

If a teacher falls substantially short of their objectives and fails to make sufficient progress against their objectives and / or a significant proportion of their teaching is identified as causing concern, then the recommendation should be that there is no pay progression. In such instances, in the course of the performance development cycle and allowing the teacher sufficient opportunity to improve, the teacher should have been notified by the appraiser that there is a risk that pay progression will not be recommended.

Performance development objectives will reflect that the teacher is unqualified but will be more challenging as the teacher progresses up the unqualified pay range.

3.3.8 Movement to the Upper Pay Range

Applications and Evidence

Any qualified teacher who has completed at least one year on the maximum scale point on the Main Pay Range may apply to be paid on the upper pay range and any such application must be assessed in line with this policy. It is the responsibility of the teacher to decide whether or not they wish to apply for progression to be paid on the Upper Pay Range.

Applications may be made once a year only and the deadline for applications is the 30th September. This deadline will be extended where particular circumstances warrant, such as in the case of teachers on long term absence for certain reasons, e.g. sickness/maternity leave. In these cases, teachers should request an extension which will be granted where appropriate. The application should be based on the teacher's performance in the two most recent academic years in which they have service. The applications from part-time and fixed term contract teachers will be treated on the same basis as those from permanent full-time teachers.

Teachers will be notified of who their assessor is within 5 working days of their application.

If a teacher is simultaneously employed at another Trust(s), they may submit separate applications if they wish to apply to be paid on the upper pay range in that Trust (s). This Trust will not be bound by any pay decision made by another Trust.

All applications should include the results of reviews or performance development under the 2012 Appraisal regulations, including any recommendation on pay (or, where that information is not applicable or available, a statement and summary of evidence designed to demonstrate that the applicant has met the assessment criteria). To fulfil this requirement, teachers can provide copies of the relevant performance development reports as evidence.

Applications should contain evidence from the previous two academic years unless:

- the teacher has had a break in service, in which case the application should contain evidence from the most recent last three academic years in which the teacher has service or
- the teacher has been on long-term maternity or sickness leave or has only worked part of the previous three years in which case the application can contain evidence from the period of time prior to the employee commencing their period of absence.

Applications from teachers with no service prior to the last 2 academic years (that can be used to provide evidence) who have only worked part of the previous 2 Academic years and from teachers who have spent part of the previous 2 Academic years at another Trust (s) may be considered, provided sufficient evidence is available for assessment. Under these circumstances, an application will only be successful if the evidence demonstrates this Trust's criteria. New staff joining the Trust are required to provide the last 2 years'

performance development documents as part of their pre-employment joining information and without these documents, progression will not be authorised.

Applications should be made in writing to the Headteacher by the 30th September. Late applications will not be accepted and no further salary review during the academic year is possible. Teachers should summarise in their application the reasons why they believe they should progress to the upper pay range with regard to the assessment criteria. These reasons should be evidenced-based. The Trust has a standard application for threshold assessment document which is available from LSP Gateway or Foldr, which must be used to submit application for threshold assessment by 30th September. Teachers' will be given access to all the information they need to make an application.

The Assessment

An application from a qualified teacher who has successfully completed at least one year at the top of the main pay range will be successful where the Headteacher and Governing Body Pay Committee are satisfied that:

- (a) the teacher is highly competent in all elements of the relevant standards; and
- (b) the teacher's achievements and contribution to the Trust are substantial and sustained.

All applications are ratified by Trustees.

Please refer to the Trust UPS application form for further detail and explanation of:

- 'highly competent'
- 'substantial'
- 'sustained'

Processes and Procedures

The assessment and determination on progression will be made and all applicants notified of the determination regarding progression by 31 December of the relevant Academic year.

If successful, applicants will move to the upper pay range from the start of the Academic year (1 September). The successful teacher will always be placed on the minimum of the upper pay range.

If unsuccessful, written feedback will be provided by either the line manager or the Headteacher, in writing, within 10 working days of the decision. The feedback will include the reason(s) for the decision (which must be objective) quoting any relevant evidence and be accompanied by notification of the teacher's right to appeal.

On request, a meeting to discuss the feedback will be held at which advice and support with regard to improvement will be offered.

Any appeal against a decision not to move the teacher to the upper pay range will be heard under the Trust's general appeals arrangements and in conjunction with the Trust's Director of HR.

Fair Treatment

The Trust will ensure with regard to the application arrangements, the assessment of applications and the operation of the process / procedure that no teacher will be disadvantaged by virtue of their working pattern or through their possession of a protected characteristic. Reasonable adjustments / allowances for particular circumstances will be made to ensure that no discrimination occurs.

3.3.9 Part Time Teachers'

Teachers employed on an ongoing basis at the Trust but who work less than a full working week are deemed to be part-time. The Trustees have delegated to the Headteacher the requirement to provide a written statement detailing their working time obligations and the standard mechanism used to determine their pay, subject to the provisions of the statutory pay and working time arrangements and by comparison with the Trust's timetabled teaching week for a full-time teacher in an equivalent post. Additional hours worked, up to that of a full-time teacher, will be paid at their normal rate of pay.

3.3.10 Short Notice/Supply Teachers

Teachers who are employed on a day-to-day basis or undertake other short notice work, including staff who are contracted as part time who chose to undertake additional short notice work, will be paid on a daily basis calculated on the assumption that a full working year consists of normally 195 days. Periods of employment for less than a day will be calculated pro-rata. These teachers will be paid their usual rate of pay to a maximum Teachers' Main Scale 6. The maximum number of hours each working day for a supply claim is 6.5 hours per day, and this will be applicable for those teachers performing marking, planning and preparation as part of their contract. For supply teachers who are not marking and planning/preparing lessons, the maximum is 6 hours per day.

3.3.11 Exam Revision Sessions

Teachers who agree to provide exam revision classes, including preparation of resources, during the school holidays will be entitled to a payment of £30 per hour.

3.4 Leadership Scales

Pay ranges for Headteachers, Deputy Headteachers and Assistant Headteachers will be determined in line with STPCD for new appointments, where responsibilities significantly change, or if this Trust chooses to review pay of leadership posts in line with STPCD. The pay range will take into account all permanent responsibilities of the role, any challenges that are specific to the role and all other relevant considerations including the skills and competencies required. Pay ranges will allow appropriate scope for performance related progression over time. This will be reviewed annually in line with this Pay Policy.

3.4.1 Executive Roles

There are roles dedicated to the Trust central operations. For these roles, the pay ranges for the CEO, Chief Financial and Operating Officer, and Director of Education and any other cross multi academy trust leadership roles will be determined by the Trustees following a local market survey and benchmarking and in line with the requirements of the Academy Trust Framework.

3.4.2 Headteachers

Individual schools will be assigned to a Headteacher group calculated using its total unit score, in accordance with STPCD. A pay range will be determined for the Headteacher which will not normally exceed the maximum of the Headteacher group, unless the specific exceptional circumstances or candidate warrant it, up to an additional 25%. Additional payments may be made to a Headteacher for temporary responsibilities that are in addition to the duties taken into account above. The total sum of any temporary payments will not normally exceed 25% of the Headteacher's annual salary.

It should be wholly exceptional for the total value of the salary - including temporary payments - to exceed the limit of 25% of the amount that corresponds to the maximum of the Headteacher group for the school or schools in any given year. If it is considered that there are wholly exceptional circumstances that warrant payments that exceed this, the local governing body must make a business case to the Trustees Staffing and Pay Committee who will review the case.

Where a Headteacher is awarded a non-monetary benefit and it is not a housing or relocation benefit that relates solely to the personal circumstances of that Headteacher, the monetary value of the benefit counts towards the 25% limit.

3.4.3 Deputy Headteachers and Assistant Headteachers

A pay range will be determined for any deputy Headteacher and assistant Headteacher, considering how the role fits within the wider leadership structure of the Trust. The pay range will not exceed the maximum of the Headteacher group for the Trust and will not normally overlap with the pay range of the Headteacher, except in exceptional circumstances.

3.4.4 Pay Progression for Members of the Leadership Group

Eligible members of the leadership group will be automatically considered for further progression and no application will be necessary. However, annual pay progression within the range is not automatic and decisions regarding pay progression will be clearly attributable to the leadership group member's performance with reference to the

performance development process. Some posts may be paid on a spot rate and would not be eligible for progression unless the post is re-evaluated at a higher point.

Leadership group members will progress by one point until they reach the top of their range if they can demonstrate and the Headteacher / Local Governing Body Pay Committee / Trustees are satisfied that there is evidence of sustained high quality of performance in leadership and management and pupil progress, clearly linked to the school's improvement priorities and outcomes.

Additional progression may be considered for members of the leadership group where performance is judged to be exceptional and where all objectives have been exceeded. A recommendation on this will be considered in conjunction with the Trust's Director of HR.

3.5 Allowances for Teachers

3.5.1 Other than as provided for in the STPCD a teacher may not be required to undertake additional acting up duties beyond those appropriate to the teacher's role, status and pay and/or as set out in the teacher's job description.

In the temporary absence of a post holder with a Teaching and Learning Responsibility (TLR) allowance, the Headteacher will determine whether to appoint a teacher to undertake all of the duties covered by the TLR (e.g., in cases of cover for secondments, maternity leave, long-term sick etc.). A teacher appointed as Acting Headteacher, Acting Deputy Headteacher or Acting Assistant Headteacher will be paid at least the minimum of the appropriate range if the duties of the substantive post are to be carried out in full, subject to the provisions of paragraph below.

The time when the Deputy Headteacher is paid a temporary allowance to cover the long-term absence of a Headteacher is at the discretion of the CEO or CFOO.

The time when all other absences including teachers covering absence of Deputy Headteacher, Assistant Headteacher and the duties of a teacher with a TLR are at the discretion of the Headteacher.

Where the Headteacher, a Deputy Headteacher or an Assistant Headteacher is absent the person covering will be paid the minimum of the range for the post.

3.5.2 Responsibility Payments

Teaching and Learning Responsibility Payments (TLR1s and TLR2s) - Permanent

Management responsibilities are awarded for jobs that are required daily - these additional payments are open for classroom teachers and/or support staff to apply to undertake additional duties in accordance with the conditions laid down in the STPCD. Such payments will be assigned to specific posts within the Trust's staffing structure and are subject to any pay increment through the STPCD.

There is no pro rata applicable for these payments in terms of weeks per year, only hours per week.

These payments are subject to pensionable contributions in relation to the member of staff's permanent substantive contract.

In order to qualify for a TLR payment of any kind, teachers' duties must have significant responsibility that is not required of all classroom teachers and that include/s responsibility which:

- is focused on teaching and learning;
- requires the exercise of a teacher's professional skills and judgement;
- requires the teacher to lead, manage and develop a subject or curriculum area;
- or to lead and manage pupil development across the curriculum;
- has an impact on the educational progress of pupils other than the Teachers'
- assigned classes or groups of pupils; and involves leading, developing and enhancing the teaching practice of other staff.

The STPCD statutory guidance makes clear that responsibility for other teachers or accountability for a subject area should be linked to TLR1 or TLR2 payments or leadership group posts.

3.5.3 Are TLRs Permanent or Temporary?

TLR1 and TLR2 payments are permanent while the teacher remains in the same post. They will cease when teachers move to different schools or roles; where the teacher refuses to perform the responsibilities or is dismissed from them; or where responsibilities are revised. As indicated below, TLR3 payments are for a fixed, time-limited period only.

Teachers may not hold more than one TLR1 or TLR2 payments, but a single TLR payment can be based on a job description that itemises several different areas of significant responsibility. A teacher can now hold one or more TLR3 payments in addition to a TLR1 or TLR2 payment.

3.5.4 What is the Difference Between a TLR1 Band and a TLR2 Band Payment?

In order to qualify for a TLR1 (higher band) payment, the teachers' duties must include in addition "line management responsibility for a significant number of people". The key difference between TLR1 and TLR2 posts is, therefore, the nature of line management responsibilities. The extent of the line management responsibilities needed to qualify - for example the number of teachers and/or support staff managed - is not specified.

Since there is no statutory provision on the minimum number of staff to be managed, governing bodies cannot argue that they are precluded from awarding TLR1 payments to teachers on the basis that the number of staff managed is below some pre-determined figure. There are no figures set out in the STPCD to support such a practice.

A job description will be provided in respect of all posts and this will be subject to periodic review in light of changing circumstances.

Vacancies for posts carrying TLRs will be advertised either within the School, Trust or more widely depending on the particular circumstances.

Fixed term TLRs may be allocated in accordance with STPCD or as determined by the Trustees.

Part time staff who are appointed to a TLR will be eligible for either 100% or their FTE equivalent pro rata TLR entitlement and this will be negotiated at the time of appointment in line with School needs, where adjustments to the Job Description will occur to ensure their FTE delivery is accounted for.

TLRs are available only to fulltime and part time staff who are contracted to work 0.4FTE or more.

3.5.5 Project Responsibility Payments (TLR3s) - Fixed-Term

Project responsibilities are awarded for jobs that are related to a specific task/project OR one-off externally driven responsibilities and are therefore time limited and temporary. These additional payments are open for classroom teachers and/or support staff to apply to undertake additional duties in accordance with the conditions laid down in the STPCD. Such payments will be assigned to specific posts within the Trust's staffing structure and are subject to any pay increment through the STPCD.

There is no pro rata applicable for these payments in terms of weeks per year OR hours per week. The value assigned is relevant to the size of project.

These payments are subject to pensionable contributions in relation to the member of staff's permanent substantive contract.

Before awarding any temporary TLR the Headteacher and Local Governing Body Pay Committee must be satisfied that the employee's duties include a significant responsibility that is not required within their current job duties and that the temporary TLR is focused on teaching and learning project, requires the exercise of an employee's professional skills and judgment and has an impact on the educational progress of pupils other than assigned classes or groups of pupils.

The annual value of the temporary TLR will be within the range specified in the STPCD and are listed in Appendix 5.

The duration of the fixed term TLR will be established at the time of its award to a maximum of 12 months, and payment will be monthly.

The values of all TLRs are reviewed annually and with recognised unions. The Trust will review the cash value of the TLRs annually in the light of pay awards made under STPCD. The highest level of Teaching & Learning Responsibility (TLR) allowance within the Trust will take into account the salary ranges of the leadership group.

3.5.6 SEN Allowance

As there are no classes or units analogous with designated setting within this Trust, no SEN points are paid and SENCo's are paid via TLR or Leadership spine depending on the scale and context of the school.

3.5.7 Recruitment and Retention Incentives and Benefits

Where the school determines that a Recruitment and Retention Payment should be paid to a teacher, this will be for a fixed period (which will be specified at the outset) and up to a limit of 3 years save in exceptional circumstances. All payments are subject to regular review during the fixed period and may be withdrawn if the original reasons for the awarding of the payment no longer apply.

4. Section B: Support Staff

The Trust has agreed a staffing structure for Support Staff working at the Trust. The structure ensures that there is appropriate line management of all staff. The pay range for any support staff cross multi academy trust leadership and management roles will be determined by the Trustees either through Job Evaluation or a local market survey.

4.1 Grading of Posts

The Trust recognises the National Joint Council (NJC) Evaluation Scheme for evaluating support staff posts. The Trust's Director of HR will co-ordinate the Job Evaluation scheme for the Trust.

New support staff posts and those undertaking significant changes will be evaluated using the JNC, or an equivalent scheme. Support staff posts will be graded on points within the NJC pay scale.

The Trustees will ensure that the spinal point, for each member of support staff, is reviewed annually with any changes due to be effective from 1 April if eligible. The Trustees will ensure that posts and their attributed grade(s) are reviewed to ensure it meets its obligations in relation to equal pay.

4.2 Starting Salary Point

For all staff the starting salary will normally be the minimum for the grade but discretion will be exercised to recognise current actual pay, recent relevant experience and qualifications or previous experience and to set or review the position on the relevant pay scale accordingly. If an employee applies for an internal job that is the same grade as their substantive role, they will be permitted to move across on the same point. An external applicant who is earning above the minimum scale will not necessarily have their existing salary matched.

4.3 Incremental Progression and Acceleration

For staff paid on fixed spine points there is no annual incremental progression.

Incremental progression on the salary range for the post is awarded annually on 1 April of each year until the maximum of the scale is reached. If appraisal objectives have not been met pay progression may not be applied. Please see section 4.4.

The next increment date will be applied for new appointments, promotion or regrading.

Start date of Employee	Next Increment Due
Between 1 April and 1 October	1 April following year
Between 2 October and 31 March	Increment due 6 months after start date

If the employee has less than 6 months' service in the grade by 1 April they will be granted their first increment six months after the appointment, promotion or regrading.

There will be an annual review of salary and, subject to the maximum of the scale or any other mandatory requirements an annual service increment will be awarded unless the service is deemed to be unsatisfactory.

The Headteacher may recommend that an accelerated increment be awarded to an individual employee on the grounds of special merit or ability. If agreed, the accelerated increment shall be payable from the date determined and will not affect the employee's entitlement to annual incremental progression as set out in this section. In exceptional circumstances, increments may be awarded above the maximum of the grade as set out in paragraph below.

4.4 Withholding an Increment

The award of an annual increment may be withheld in exceptional circumstances. Such withholding will only be determined by the Headteacher in cases where performance has been deemed unsatisfactory and where formal action has been taken to address the problem.

In these circumstances the Headteacher should notify the employee (in writing) of their unsatisfactory performance, and details of the improvement required. Once an increment has been withheld in this way it may be reinstated with the agreement of the Headteacher (but not backdated) if performance subsequently improves significantly.

4.5 Payment Above the Grade

The Trust may award additional increments above the established grade for the post for a specified period. This payment will be awarded on a temporary basis at the discretion of the Headteacher. Payments above the grade will only be made where they are agreed by

the Headteacher and should relate to specific duties and responsibilities not covered by the employee's normal job description. If such additional duties and responsibilities continue beyond 18 months, the Trust will seek a permanent re-evaluation of the grading of the post through LSP HR.

4.6 Honorarium, Acting-up Allowances and Cover for Sustained Absence

An acting up allowance for support staff will be awarded where employees are formally requested to carry out the full duties of a more highly graded post, for 4 weeks or more. Honorarium and acting-up payments are paid at the bottom of the grade for the post they will be covering. No incremental progression is normally awarded on these arrangements.

4.7 Change of Duties Over Time

Where the duties of a post change significantly over time the Headteacher will contact the Trust's Director of HR to discuss a re-evaluation of the post

4.8 Formula for Calculation of Factors

The formula for calculating a factor, which is used to establish salaries for support staff who do not work all-year-round, is set out below. The factor calculation has been consulted with unions. TTO factor calculations ensure that all staff receive the minimum holiday entitlement of 5.6 weeks as required by the Working Time Regulations 1998.

The Central HR team can provide support with the calculation of factors.

Example 1

Employee works:

39 weeks per year (term time only 190 days + 5 Inset days = 195 days)

37 hours per week

Has less than 5 years' service (entitled to 23 days holiday, 8 days bank holidays and 3 days Christmas closure = 34 days)

Term time only calculation: TTO + 5 INSET Days

$195 \text{ working days} + 34 \text{ days annual leave} / 5 \text{ (number of working days each week)} = 45.8$.

Therefore, this employee would be paid 45.8 weeks each year (which includes their holiday entitlement).

As this employee is full time, they will work all 195 of their working days

Example 2 -

Employee works:

40 weeks per year (term time only 190 days + 5 Inset days + 5 additional days = 200 days)

25 hours per week

Has more than 10 years' service (entitled to 29 days holiday, 8 days bank holidays and 3 days Christmas closure = 40 days)

Term time only calculation: TTO + 5 INSET Days + 5 additional days

200 working days + 40 days annual leave / 5 (number of working days each week) = 48.

Therefore, this employee would be paid for 48 weeks each year (which includes their holiday entitlement).

As this employee is part time it is easier to consider their working time as working weeks and hours. Their 200 working days are made up of 38 term time weeks, 1 week of inset days and 1 week of additional days. As they only work 25 hours per week it is 25 hours that they are paid for each of the weeks detailed above. Please see the calculation below:

Additional days included in the factor = 10 (5 inset and 5 additional days). This is the equivalent to 2 additional working weeks.

As the employee works 25 hours per week, the additional hours that they are paid for outside of term time equates to 50 hours during the academic year (2 additional weeks x 25 hours per week).

The additional hours worked by part time employees should be monitored to ensure that their hours worked are not above or below this calculation.

4.9 Authorising and Paying for Working Additional Hours

The total number of hours of work for all support staff will be determined at the time of appointment. There is no expectation that support staff will be asked to work additional hours for either overtime or time in lieu.

Paid Overtime: There is no overtime payable to posts graded JG6 SCP 29 and above. For posts graded at JG5 and under, only in exceptional circumstances is overtime approved and this needs to be in advance by the appropriate manager in the school. Paid overtime is only ever approved when directly related to school business need.

Overtime will be treated as voluntary (i.e., non-contractual) unless it is specified in the employee's conditions as a contractual requirement. Where an overtime payment is agreed, for working planned additional hours, reimbursement will be at plain time for staff

working less than full time unless they exceed 37 hours in any week, in which case the following will apply:

	Monday to Friday	Saturday	Sunday	General Public Holiday
Overtime hours worked in excess of contractual hours but not exceeding standard week (37 hours)	SINGLE TIME	TIME AND A HALF	TIME AND A HALF	TIME AND A HALF
Overtime hours worked in excess of standard week (37 hours)	TIME AND A THIRD	TIME AND A HALF	TIME AND A HALF	DOUBLE TIME

Overtime payment will be at single time rates where applicable. In certain circumstances, some overtime payments may attract holiday pay. Additional hours of less than half an hour on any day shall not rank for overtime.

Time in lieu: Where staff are requested to work additional hours with the purpose of taking time in lieu, this must be with the prior written agreement of the appropriate manager in the school who will also authorise when this time can be gained back - these arrangements must be confirmed before the additional hours are worked. All time in lieu adjustments must be achieved within 3 months or by 31st August annually (whichever is the sooner) of accruing the additional worked time, otherwise the time in lieu is lost. Additional hours of less than half an hour on any day shall not rank for time in lieu.

4.10 Annual Leave

Staff that hold term time only contracts have no entitlement to take leave in the Trust term. Their rate of pay includes an element to cover leave entitlement.

Annual leave is to be taken by arrangement within the year, which commences on 1 September and terminates on 31 August. All staff receive the minimum holiday entitlement as outlined in the Working Time Regulations 1998.

Support Staff that have posts which are time of year sensitive may be subject to additional restrictions at the discretion of the Headteacher. Annual leave entitlements are as follows:

	Days
Under 5 years' service	23
Over 5 years' service	28
Over 10 years' service	29

In addition to the above, staff will receive 8 Statutory Holidays per year (all public Bank Holidays) and 3 Trust fixed days - the latter facilitate a period of Trust closure between Christmas Day and New Year's Day annually.

An employee who joins or leaves the Trust part way through the holiday year (1 September - 31 August) will be entitled to proportionate holiday with pay in accordance with the National Terms on Pay & Conditions of Service (Green Book) and the Employment Rights Act 1996.

For all year round support staff who work on a part time basis, pro rata equivalent of entitlement to bank holidays will be paid. For example, a contract working 60% of a full time equivalent, will be entitled to 60% bank holidays entitlement. This entitlement is added to the employee's annual leave total and needs to be booked in the same way as any other annual leave request.

Annual leave needs to be requested and authorised in advance by the appropriate manager in the school, in order to ensure the school's needs are met during any intended absence.

Minimum notice is required of at least the duration of the requested time off. Annual leave must be taken within the annual leave year. Only in exceptional circumstances will the Headteacher consider allowing a maximum of 5 days to be carried forward. Any annual leave carried forward must be taken in the first 4 weeks of September only.

4.10.1 Increase to Annual Leave

Increase to annual leave allocation to reflect periods of continuous service:

The month after the anniversary of five years' continuous service, support staff are entitled to an increase to annual leave entitlement of 5 additional days (this will be on a pro rata basis should the entitlement start date or leave date fall part way through the annual leave year).

In the month after the anniversary of ten years' continuous service, support staff are entitled to an increase to annual leave entitlement of 1 additional day.

The above changes to annual leave are applied as follows:

- for all year-round staff - annual leave is increased
- for staff who are not contracted to work all year round - the factor is increased to reflect the increase to paid annual leave

4.11 Retirement

All provisions relating to support staff retirement are determined by the Trust.

4.12 Appeals

A member of support staff has the right to appeal against a decision that affects their pay. The principles of the appeals process for teachers apply.

5. Section C: Other Provisions (All Staff) - please read in conjunction with the payroll conventions (Appendix 8)

5.1 Casual Workers & Holiday Pay

Casual staff accrue holiday pay. The calculations for this are currently under review following recent case law and will be updated once confirmed. The Trust will ensure holiday pay is paid in accordance with current legislation. Holiday pay shows as a separate line on e-payslips.

5.2 Unpaid Leave

For Teaching Staff: Where an approved leave of absence request is granted by the Headteacher, the unpaid leave calculation will reflect 1/365 as equivalent to one day's pay, as per the terms of the Burgundy Book, and pro rata as appropriate. For unauthorised absences and those not covered by the Sickness Pay Entitlement Scheme, unpaid leave will be calculated at the employee's normal hourly rate.

For Support Staff: Unpaid leave will always be processed as a calculation of the employee's normal hourly rate multiplied by the number of missed contracted hours on the date of absence.

5.3 Pension Contributions

All staff who are members of the Teachers' Pension and Local Government Pension Schemes make individual contributions to the schemes. The level of contribution is linked to salary levels and ranges for the Teachers' Pension Scheme and the Local Government Pension Scheme. The Trust also makes employer contributions to the schemes and these amounts are determined externally by the pension scheme actuary.

5.4 Redundancy Payments

The method of calculating redundancy payments is based on the statutory redundancy scheme as set out in the Employment Rights Act 1996 (ERA).

All redundancy payments require the prior approval from the CFOO in accordance with the Organisational Change policy.

5.5 Garden Leave

The Trust reserves the right to apply garden leave to employees who are working their notice with pay.

5.6 Lettings

The Trust pays staff required to cover lettings outside of their contracted hours a lettings rate. This rate is set at Support Staff Pay Scale SCP 11 (top of JG4). This rate is scaled according to the hours and days worked, as per the table below.

	Monday to Friday	Saturday & Sunday	General Public Holiday
Hours before 11pm	Time and a third	Time and a half	Double time
Hours after 11pm	Time and a half	Double time	Double time

- An hour is claimed for each letting as an attendance allowance
- Time accrued starts from leaving home, includes time to open up and return home
- Hours for locking up start from leaving home, includes time to lock up and return home.

If there is more than one letting happening on the same day staff are expected to attend in an efficient manner - to be agreed with line management.

The lettings fee should only be used in conjunction with agreed activities taking place:

- on site
- and outside of normal operating hours

Hours must be agreed in advance and claims should be made using the school lettings form which must be signed by the line manager.

5.7 Pay Protection Arrangements

Safeguarding (Teaching Staff)

Safeguarding for Teachers' will be in accordance with the provisions of STPCD. Where a teacher chooses to ask the Trust to consider a "stepping down" in role and responsibility and therefore moves from Upper (UPS) to Main (TMS) pay scale, there is no pay protection entitlement. This would also apply where a teacher requested to step down from a TLR role. Any "stepping down" would need approval from the Headteacher or CEO.

Pay Protection (Support Staff)

The Trust has a pay protection policy where, when employment on less favourable terms is offered to an employee, their pay is frozen at their current level for up to one year. There is no pay protection entitlement for members of staff who request a move to a lower graded post within the support staff structure.

5.8 Arrangements for Handling Appeals

Please see Appeals Procedure and Guidance (Appendix 1). This will be dealt with within the requirements of the current STPCD.

5.9 Communication

The CEO will ensure that the LSP Staffing and Pay Committee of the Trustees have sufficient information to make pay decisions, to satisfy itself that pay recommendations are justified and fair and (with regard to teachers) that there is the necessary correlation between performance and pay and that it can defend its decisions if challenged.

The information the LSP Staffing and Pay Committee of the Trustees receive will be the subject of discussion and agreement between the Headteacher and the Committee.

Teachers will be kept informed about the process, recommendations and decisions made in connection with pay progression within their existing range and any application to progress from the main pay range to the upper pay range.

5.10 Records

Records of decisions and recommendations will be kept confidential. These records should demonstrate the objectiveness and fairness of the decisions that are made. Teachers should keep records of their objectives and review them throughout the performance review cycle. Employees will have reasonable access to their own employment records.

5.11 Equality

This Policy will be applied in accordance with equalities legislation and with the provisions of the Trust's Equality & Diversity Policy. The Trust will not discriminate on the grounds of age, disability, gender reassignment, marriage or civil partnership, pregnancy or on maternity leave, race, religion or belief, sex, or sexual orientation when operating this Policy and will ensure that in implementing the Policy the needs of employees are given careful consideration.

5.12 Monitoring the Impact of the Policy

The LSP Staffing and Pay Committee and the Trustees will monitor the outcomes and impact of this policy on an annual basis. This will include trends in progression across specific groups of teachers to assess its effect and assure themselves that appropriate arrangements for linking pay and performance development for teachers remain in place and continue to be applied consistently. It also confirms that pay decisions continue to be objectively justified and processes are operating fairly and the Trust's continued compliance with equalities legislation.

Consultation will take place with the staff and recognised trade unions on any substantive proposed changes to the Policy.

The Trustees will identify and consider the budgetary implications of pay decisions and consider these in the Trust spending plan.

APPENDIX 1: Appeals process in relation to pay determination

The Trust has an appeals procedure in relation to pay in accordance with the provisions of paragraph 2.1(b) of the STPCD. A copy of this document can be viewed at <https://www.gov.uk/government/publications/school-teachers-pay-and-conditions>

Appeals against pay decisions should be made in writing and addressed to the Chair of the Staffing and Pay Committee of Trustees. Upon receipt a panel of Trustees will convene a meeting to consider the appeal within 10 days of the written appeal being received.

Employees have the right to be accompanied by a recognised trade union or colleague.

A written invitation and a minimum of 10 working days' notice will be given. The decision of the panel will be confirmed in writing.

There is no further right of appeal.

APPENDIX 2: Pay appeals procedure

The Trust is committed to ensuring that appeals against pay decisions meet the requirements of the dispute resolution provisions of employment law. The process set out below is consistent with the dispute resolution provisions of employment law and may be adopted by the school as the means by which appeals against pay decisions are considered.

Employees may seek a review of any determination in relation to their pay or any other decision taken by the Headteacher and agreed by the Local Governing Body (or committee or individual acting with delegated authority) that affects their pay.

The following list, which is not exhaustive, includes the usual reasons for seeking a review of a pay determination:

That the person or committee by whom the decision was made:

- (a) incorrectly applied any provision of the pay policy;
- (b) failed to have proper regard for statutory guidance;
- (c) failed to take proper account of relevant evidence;
- (d) took account of irrelevant or inaccurate evidence;
- (e) was biased; or
- (f) otherwise unlawfully discriminated against the employee.

The order of proceedings is as follows:

The teacher receives written confirmation of the pay determination and, where applicable, the basis on which the decision was made.

If the teacher is not satisfied, they should seek to resolve this by discussing the matter informally with the decision maker within 10 working days of the decision.

Where this is not possible, or where the teacher continues to be dissatisfied, they may follow a formal appeal process.

The teacher should set down in writing the grounds for questioning the pay decision and send it to the person (or committee) who made the determination, within 10 working days of the notification of the decision being appealed against or the outcome of the discussion referred to above.

The committee or person who made the determination should provide a hearing, within 10 working days of receipt of the written appeal, to consider the appeal and give the teacher an opportunity to make representations in person. Following the hearing, the employee should be informed in writing of the decision and right to appeal.

Any appeal should be heard by a panel of three governors or Trustees (or a combination of both) who were not involved in the original determination, normally within 15 working days

of the receipt of the written appeal notification. The teacher will be given the opportunity to make representations in person. However, no new information will be considered, only information available to the Headteacher and school at the time of the salary determination decision. The decision of the appeal panel will be given in writing, and where the appeal is rejected will include a note of the evidence considered and the reasons for the decision.

For any formal meeting, the teacher is entitled to be accompanied by a colleague or union representative. Each step and action of the process must be taken without unreasonable delay. The timing and location of formal meetings must be reasonable. Formal meetings must allow both parties to explain their cases.

The procedure for the conduct of formal meetings shall be as follows:

Calculation	Teachers	Support staff
1. unpaid leave /strike action	<p>A calculation for a teacher is based on 1/365th, unless it is a pay deduction for strike which is 1/365th, of a year for each day of the period of absence (as set out in the Burgundy book).</p> <p>For part time teachers: Step 1: Pro-rate 365 days for the proportion of full time that the part-time member of staff is contracted to work. E.g. for a 0.6 full time equivalent member of staff, this would be 0.6 x 365 = 219 days. Step 2: Apply the deduction rate to the worker's (already pro-rated) annual salary. E.g. £30,000 x 1/219 = £136.99 daily deduction.</p>	
2. term time only formula calculation	Not applicable	Hours per week x weeks per year / 52.143
