Lettings of School Premises Policy and Regulations Non-Statutory

Rational and Aims of the Policy

1. The Board of Trustees and Local Governing Bodies have full responsibility for the use of the School's premises during the school day and outside normal school hours.
2. This includes the letting of School premises to outside bodies and the control of all income and expenditure associated with such activities.
3. The Trust positively welcomes the contribution that well run voluntary groups which organise community based activities are able to make and encourages such ventures through the use of lettings.
4. The letting of school premises shall not detract from the primary objective of the schools in the trust as educational establishments. Although providing a vital link with the community and other organisations, the letting shall be organised so that there is no disruption to the delivery of the curricula and at no cost to the trust, schools or their pupils' education.
5. The Trust's policy is to encourage the use of School facilities i.e. buildings, playing fields and other grounds such as car park by the pupils, parents, the community and organisations ranging from sports clubs to senior citizens' clubs, local businesses.
6. The income received from the letting of the premises will be used to assist the schools' to enhance and enrich the education and working environment of the pupils.

Equal Opportunities

7. The Trust consider the schools to be a vital resource for the local communities and individuals and groups who wish to make appropriate use of the school facilities are able to do so wherever this is reasonably possible.
8. The Trust positively encourages individuals or groups who wish to make reasonable use of the school facilities, regardless of their race, gender, disability, sexuality or religion.
9. The schools within the Lighthouse Schools Partnership will not consider applications for letting from people under 21 years of age. The hirer will accept responsibility for being on the premises, being in charge of the premises let and for ensuring that all conditions of the letting agreement are observed, particularly those relating to management and supervision of the premises.

Categories of users

Statutory Users

Unique document no:	
Document title	Lettings of School Premises Policy and Regulations
Version	1.0

10. Where it is established by statute that school premises may not be used then other priorities must stand aside. This does not preclude the local governing body from setting a realistic letting charge to cover their costs. Statutory usage will be:

- a) Use of premises for polling stations or political meetings when an election (local or parliamentary) has been declared;
- b) Official meetings of the Parish or Parochial Councils;
- c) Any other statutory purpose, which may arise

Designated Users

11. The designated user group is likely to be the largest to use the premises. The local governing body of each school within the Lighthouse Schools Partnership reserve the right to set charges at cost recovery and not at a level that would deter such user.

Within this category, priority booking shall be given for extended use as follows:

- (a) within the School: the School's own activity including
 - Meetings - Governor, staff or the School Parents' Association
 - Activities - school and curriculum activities (e.g. concerts, plays etc.)
 - Fund raising activities for School funds;
 - Community Trust linked to the school;
- (b) extended School activities: for example extra curricula activities and clubs, community education or training events, approved childcare activities, non-profit making sport and interest courses and clubs, post 16 education programmes (where applicable).

Private users

12. Those that are not defined as statutory or designated users are defined by the Board of Trustees as private users.

Regulations for the letting of School premises

13. All lettings of the facilities will be in accordance with the adopted regulations for the lettings of School premises, the details of which are annexed to this Policy.

14. The Policy and the regulations for the letting of School premises will be sent to all enquirers and be posted on the Lighthouse Schools Partnership and on individual school's website.

Guidelines on charging

15. The Board of Trustees have delegated the setting of charges for lettings to the local governing body of each school, charges will be based on the following guidelines: the Policy is to set charges to bring additional income to the School taking account of Best Value, including elements such as insurance cover, heating and lighting, cleaning, staff overtime, fair wear and tear and any items subject to VAT.

16. Details of the charges are available from each school.

17. Decisions to waive or reduce lettings fees are delegated to the Business Manager of each school
18. The local governing body will review the charges for letting annually and reserve the right to review the charges at any time.
19. The local governing body will give a minimum of 30 days' notice of any increase in charges for letting.

Administration of the Regulations

20. While full responsibility for all lettings is with the local governing body, the day-to-day management and administration is undertaken by the Headteacher and/or Business Manager.
21. The local governing body of each school within the Lighthouse Schools Partnership reserves the right to withhold permission to let any part of their School (although the right to make this decision may be delegated to the Headteacher and/or the Business Manager). In the case of dispute, the local governing body's decision is final.
22. The local governing body reserves the right to refuse to let the premises to any group or individual for purposes that are inconsistent with the ethos of the School, this decision may be delegated to the Headteacher or Business Manager. In the case of dispute, this would be referred to the local governing body..
